

# NICE CLASSIFICATION - 11<sup>th</sup> Edition, Version 2020

## Class 11

Apparatus and installations for lighting, heating, cooling, steam generating, cooking, drying, ventilating, water supply and sanitary purposes.

### Explanatory Note

Class 11 includes mainly environmental control apparatus and installations, in particular, for the purposes of lighting, cooking, cooling and sanitizing.

This Class includes, in particular:

- air-conditioning apparatus and installations;
- ovens, other than for laboratory use, for example, dental ovens, microwave ovens, bakers' ovens;
- stoves being heating apparatus;
- solar thermal collectors;
- chimney flues, chimney blowers, hearths, domestic fireplaces;
- sterilizers, incinerators;
- lighting apparatus and installations, for example, luminous tubes for lighting, searchlights, safety lights, luminous house numbers, vehicle reflectors, lights for vehicles;
- lamps, for example, electric lamps, gas lamps, laboratory lamps, oil lamps, street lamps, safety lamps;
- tanning apparatus being sun beds;
- bath installations, bath fittings, bath plumbing fixtures;
- toilets, urinals;
- fountains, chocolate fountains;
- electrically heated pads, cushions and blankets, not for medical purposes;
- hot water bottles;
- electrically heated clothing;
- electric appliances for making yogurt, bread-making machines, coffee machines, ice-cream making machines;
- ice machines and apparatus.

This Class does not include, in particular:

- steam producing apparatus being parts of machines (Cl. 7);
- air condensers (Cl. 7);
- current generators, generators of electricity (Cl. 7);
- soldering lamps (Cl. 7), optical lamps, darkroom lamps (Cl. 9), lamps for medical purposes (Cl. 10);
- ovens for laboratory use (Cl. 9);
- photovoltaic cells (Cl. 9);
- signalling lights (Cl. 9);
- electrically heated pads, cushions and blankets, for medical purposes (Cl. 10);
- portable baby baths (Cl. 21);
- non-electric portable coolers (Cl. 21);
- cooking utensils that do not have an integrated heat source, for example, non-electric griddles and grills, non-electric waffle irons, non-electric pressure cookers (Cl. 21);
- footmuffs, not electrically heated (Cl. 25).

| Basic No. | Indication               |
|-----------|--------------------------|
| 110003    | <b>acetylene</b> burners |
| 110005    | <b>acetylene</b> flares  |

## NICE CLASSIFICATION - 11<sup>th</sup> Edition, Version 2020

|        |                                                                                                                  |
|--------|------------------------------------------------------------------------------------------------------------------|
| 110004 | <b>acetylene</b> generators                                                                                      |
| 110079 | <b>air</b> conditioners for vehicles                                                                             |
| 110010 | <b>air</b> cooling apparatus                                                                                     |
| 110009 | <b>air</b> deodorizing apparatus / <b>air</b> deodorising apparatus                                              |
| 110013 | <b>air</b> dryers / <b>air</b> driers                                                                            |
| 110015 | <b>air</b> filtering installations                                                                               |
| 110356 | <b>air</b> fryers                                                                                                |
| 110207 | <b>air</b> purifying apparatus and machines                                                                      |
| 110012 | <b>air</b> reheaters                                                                                             |
| 110245 | <b>air</b> sterilizers / <b>air</b> sterilisers                                                                  |
| 110205 | <b>air</b> valves for steam heating installations                                                                |
| 110099 | <b>air-conditioning</b> apparatus                                                                                |
| 110014 | <b>air-conditioning</b> installations                                                                            |
| 110247 | <b>alcohol</b> burners                                                                                           |
| 110249 | <b>anti-glare</b> devices for vehicles [lamp fittings] / <b>anti-dazzle</b> devices for vehicles [lamp fittings] |
| 110055 | <b>anti-splash</b> tap nozzles                                                                                   |
| 110307 | <b>aquarium</b> filtration apparatus                                                                             |
| 110308 | <b>aquarium</b> heaters                                                                                          |
| 110309 | <b>aquarium</b> lights                                                                                           |
| 110023 | <b>arc</b> lamps                                                                                                 |
| 110231 | <b>ash</b> conveyor installations, automatic                                                                     |
| 110254 | <b>autoclaves</b> , electric, for cooking / <b>pressure</b> cookers, electric                                    |
| 110053 | <b>bakers'</b> ovens                                                                                             |
| 110265 | <b>barbecues</b>                                                                                                 |
| 110037 | <b>bath</b> fittings                                                                                             |
| 110039 | <b>bath</b> installations / <b>bath</b> plumbing fixtures                                                        |
| 110033 | <b>bath</b> tubs                                                                                                 |
